Tutoring Experience

For the past 20 years, I have successfully guided students through the complexities of IB Economics at both HL and SL levels. My experience in the field has allowed me to develop a deep understanding of the IB curriculum, helping students not only improve their grades but also develop a comprehensive grasp of economic concepts that can be applied both in exams and beyond.

In addition to IB, I have worked extensively with students studying A-Level and IGCSE Economics. Over the years, I've had the privilege of helping countless students achieve their academic goals, providing targeted support that caters to their specific needs. My long-standing experience and familiarity with various international curricula ensure that my students receive top-notch tutoring tailored to their success.
