🎓 Experienced Tutor | Massachusetts Institute of Technology (MIT) | MSc in Mathematics

I earned my MSc in Mathematics from MIT and have been teaching IB Maths and A-Level for 15+ years. My students consistently perform at the highest level in IB and AP exams, and I've helped learners worldwide enhance their maths abilities and academic success.

Teaches: IB Maths A-Level Maths IGCSE Maths GCSE Maths AP Calculus

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

MIT: MSc in Mathematics (2008–2010)

Stanford University: BSc in Applied Mathematics (2005–2008)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Since 2008, I've dedicated myself to helping students reach their full potential in mathematics. My expertise spans multiple curricula, including IB, A-Level, and AP, and I've worked with students from the USA, UK, and other international education systems. My deep understanding of each curriculum allows me to offer targeted, high-quality instruction that consistently results in top exam scores.

In addition to standardised tests like SAT Math and GRE Quantitative, I provide focused coaching for competitive exams, including AMC 8 and 12. With a personalised approach, I ensure that each student receives tailored support, whether it's mastering core concepts or preparing for university-level challenges. Many of my students have gone on to secure placements in top universities globally.
